

The world's top trainers come together for...

# The "E.D.G.E." (Expert Directed Guided Education) Business Training Program

Provides a customizable, turn-key training system for small to medium sized businesses for ONLY \$795!

Never before have small to medium sized businesses had access to the same success experts that train the Fortune 500 companies and their executives. Until now! The "E.D.G.E." (Expert Directed Guided Education) Business Training Program provides business owners and their teams instant access to the strategies of the world's foremost authorities on business excellence.

This unique and powerful 52-week program ensures you will have up-to-the-minute, cutting-edge insight, skills and strategies along with proven action plans and accountability to help you achieve your personal and company goals.

The "E.D.G.E." Business Training Program is powered by iLearningGlobal.tv, the leader in online personal and business development. Finally, you and your team can have access to the same expertise and strategies the world's top corporations pay thousands of dollars to access.

This package begins with an engaging "launch" seminar featuring several of the world's leading business experts. You or your designated leader, will not only experience priceless and transformational training but will also learn the collaboration, direction, and motivation skills needed to effectively guide your team through each week of the 52-week course.

Every month, you will participate in a "Mind Your Business" tele-conference where a faculty member and business expert will review the month's suggested curriculum. You will come away from this teleconference with a focused action plan and strategies for inspiring your team, elevating their performance and achieving greater business success.

Each week, you and your staff will participate in an in-depth, topic centered, guided training course via HD video, audio programs, eBooks, quizzes, implementations systems and more. Weekly courses will be reviewed and discussed as a team or group within a mastermind group setting. As you and your team take advantage of the "E.D.G.E." Business Training Program your business will have the edge to achieve the extraordinary.
